INTRODUCTION

Doc loves to play with her toys, and she loves it even more when they're happy and healthy. Help Doc give her toys check-ups so she can take their ouchies away. You can also play games with Doc and her friends, decorate Doc's Big Book of Boo-Boos and learn tips about staying healthy. Play Doc's Playtime to unlock more health tips and more fun pictures in Doc's Big Book of Boo-Boos!

CURRICULUM

Levels

This cartridge has a tiered levelling system. During **Doc's Playtime**, choose **Easy** or **Difficult** based on your child's age and ability level. For this cartridge, **Easy** is for approximately **4 and 5-year-olds**, while **Difficult** is for ages **5-6**. For **Free Play**, you can likewise select **Easy** and **Difficult**. Difficulty increases as your child progresses through each game.

Teaches Social Studies Concepts and More

This cartridge focuses on problem solving skills. At this young age, problem solving skills help children as they make decisions and face challenges. Opportunities for learning problem solving skills and concepts such as logic, spelling, and mathematics are seamlessly integrated into our games, allowing children to improve their abilities without interrupting the fun of helping Doc and the toys.
