CURRICULUM

Levels

InnoTab® MAX cartridges have a tiered levelling system. Difficulty increases as your child progresses through each game.

Teaches Creativity Concepts and More

The **Trolls InnoTab® MAX** cartridge focuses on creativity skills. For young children creativity skills are closely tied with colours, which introduces children to learn creativity concepts from colour mixing to drawing. In Trolls, children can freely create their own masterpieces, such as cupcakes, scrapbooks and clothing patterns with Poppy and friends.

Skill Chart

All **InnoTab® MAX** cartridges help children build skills across multiple subject areas. Here's a list of the skills taught in this cartridge:

Track Your Child's Learning Progress Online

Connect to **VTech's** online **Progress Log** for detailed information about the time your child spends playing this cartridge. We'll give you a breakdown of your child's performance and the skills taught in every **game** so you can quickly see where your child excels and where additional support is needed.

To view the Progress Log, go to: www.vtech.co.uk/progresslog

You can also connect directly on the **InnoTab® MAX** by selecting **Progress Log** from the **Parental Controls** menu.

Expand the Learning

As your child progresses through the game, you may want additional apps to extend or supplement your child's understanding. **Learning Lodge™** has over 1,000 apps, bundles, videos, songs and other educational tools to keep your child learning.

Additionally, if your child enjoyed the **Trolls** Creativity cartridge, here are some other **InnoTab® MAX** cartridges that may make learning feel more like playing. Cartridges can be purchased in stores or online at vtech.co.uk

WARNING

A very small percentage of the public, due to an existing condition, may experience epileptic seizures or momentary loss of consciousness when viewing certain types of flashing colours or patterns. While playing this cartridge will not contribute to any additional risks, we do recommend that parents supervise their children while they play video games. If your child experiences dizziness, altered vision, disorientation, or convulsions, discontinue use immediately and consult your doctor. Please note that focusing on an LCD screen at close range and handling video game controls for a prolonged period of time may cause fatigue or discomfort. We recommend that children take a 15-minute break for every hour of play.

WARNING: All packing materials, such as tape, plastic sheets, packaging locks and tags are not part of this toy, and should be discarded for your child's safety.

NOTE: Please keep this user's manual as it contains important information.
