Note: For best performance, keep the unit away from direct sunlight and avoid covering the top of the unit.

GETTING STARTED

Battery Installation

KidiPet[®] Friends uses 2 AAA size batteries.

- Make sure the unit is OFF or in clock mode.
- Locate the battery cover at the back of the unit. Turn the lock clockwise for a quarter turn with a flat head screwdriver (not included).
- Remove the battery cover and install 2 AAA size batteries as illustrated. (The use of new, alkaline batteries is recommended for maximum performance)

 Close the battery cover and turn the lock anti-clockwise for a quarter turn.

Battery Notice

- Use new alkaline batteries for maximum performance.
- Use only batteries of the same or equivalent type as recommended.
- Do not mix different types of batteries: alkaline, standard (carbonzinc) or rechargeable (Ni-Cd, Ni-MH), or new and used batteries.
- Do not use damaged batteries.
- Insert batteries with the correct polarity.
- Do not short-circuit the battery terminals.
- · Remove exhausted batteries from the toy.
- · Remove batteries during long periods of non-use.
- Do not dispose of batteries in fire.
- Do not charge non-rechargeable batteries.
- Remove rechargeable batteries from the toy before charging (if removable).
- Rechargeable batteries are only to be charged under adult supervision.

Disposal of batteries and product

The crossed-out wheelie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in Battery Directive (2006/66/EC).

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Help protect the environment by disposing of your product or batteries responsibly.

For more information, please visit:

www.recycle-more.co.uk

www.recyclenow.com

Low Batterv

When the battery power is low, the main unit will turn OFF automatically. If you see the Low Battery icon appear on screen please replace the batteries.

Basic Touch Screen Operation

Tap or swipe the screen to operate your KidiPet.

In all menus, tap the icon on screen to enter or make the selection

If the menu has more than 1 page, you can tap on the arrow, or use a gesture command to change the page. Slide from right to left to change to the next page and slide left to right to change to the previous page.

Initial Setup

If you've just taken the KidiPet® Friends out of the packaging for the first time, you need to disable the Try Me Mode before playing.

wake up the pet and then press the **CLIPBOARD** button (
) to exit the Try Me Mode.

You have to set your own language, the date and the time before starting. Tap the desired language icon and then tap the </ icon to confirm your selection.

Next, set the date and time. Tap on the Day / Month / Year to highlight the field, tap the arrows to adjust the value. Tap on the DD/MM/YY to change the date format to MM/DD/YY. Tap the 🗸 icon to continue to set the time.

Tap on the hour/minute value to highlight the field, tap the arrow to adjust the value. You can select 12h or 24h system display on the screen. Tap the 🗸 icon when finished.

To disable the Try Me Mode, press the PET / CLOCK button (

tsch

DD/MM/YY

ncais

NOTE: When you have replaced the batteries, you will need to verify the date & time again.

TO BEGIN USING YOUR KIDIPET[®] FRIEND

Getting your First KidiPet® Friend

After you have finished the Initial Setup, you will see a stork bringing your KidiPet! Remember to give your pet a name. Tap on the characters to enter a name, tap the arrow to see more characters in the list.

To delete a character, tap the space icon - in the character list. When you have finished, tap the 🗸 icon.

Standby Mode

When the KidiPet is left without input, it will go to STANDBY Mode which will show the time and date. An alarm icon a will be shown if the Alarm Clock is set to ON

START PLAYING

Once the KidiPet is delivered, you have to take good care of it using the different buttons

Pet mode / Clock: Press this button to interact with your pet or switch to Clock mode.

(🛇) Care Menu: Feed, clean and take your pet to the clinic.

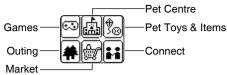

BIC

(IIIOG

Fun and Outings: You can take your pet to different locations for different activities.

(I) Clipboard: You can check the status, tasks and missions and edit your pet information here.

The Behaviour of the Pet

There are 4 living indices affecting the pet behaviour: Food Index, Mood Index, Hygiene Index and Health Index.

Index & Indication	Affect	Solution
Low in Food index	When this index is low, the pet is hungry and may refuse to do most of the activities and will not respond to any commands in PET mode.	Feed it as soon as possible.
Low in Mood index	When this index is low, the pet is unhappy and may refuse to go to the Fitness Centre and will not respond to any commands in PET mode.	Play GAMES with it or take it on an OUTING to make it happy.

Low in Hygiene Index	When this index is low, the pet needs a wash and may refuse to do most of the activities and will not respond to any commands in PET mode.	Take it for a shower or a bath as soon as possible. Take it to the TOILET regularly to keep it clean.
Low in Health Index	When this index is low, the pet is sick and may refuse to do many of the activities and not respond to any commands in PET mode.	Take it to the CLINIC as soon as possible.
©_0	When it shows a sad face, check the status from the clipboard icon.	Take action if any index is too low.

Everyday Tasks

If you keep your pet in good condition, your pet will move onto a new level of game play. More items or tricks can be unlocked as your pet condition improves. To keep your pet in the best condition you will need to do the following:

- 1. Keep its 4 living indices Mood, Health, Food, Hygiene good. They need to have reached the maximum at least once a day.
- 2. Take your pet for a shower, brush its teeth and hair.
- 3. Interact with your pet in PET Mode at least 2 different times a day.
- 4. Take it out on an OUTING at least once a day.

Finish the Mission to Level Up

When your pet is in good condition it will level up after a few days. Before leveling up the pet will be asked to complete a mission.

There are 7 types of missions:

1	الله م	Go to the MARKET to buy a musical instrument.	2		Go to the CLINIC to take a vaccine.
3	₫ E	Go to the CLINIC for a dental check.	4		Go to the FITNESS CENTRE to attend a fitness contest.
5		Go to the FOREST for a special trip to outer space.	6	چې د ا	Go to the BEACH for a special underwater trip.
7		Go to the PARK for a carnival trip.			

Go to the correct location and icon as the mission says and finish the mission as soon as you can, then your pet will go up a level. Afterwards, your pet may receive a reward which could be one of the followings:

- 1. New home made food. You can see the new food in CARE > FEED (KITCHEN) > Home made food.
- 2. A new secret item. You can see the new item in FUN & OUTINGS> PET TOYS & ITEMS.
- 3. A special trick. You can see the new trick in FUN & OUTINGS> PET CENTRE > DOG TRICK TRAINING.
- 4. A new secret card, emotional icon or gift item. You can see the new gift item in FUN & OUTINGS>CONNECT > SEND.

5. Play the bonus Coins Catching game.

If you cannot complete the mission, a new mission will be generated randomly.

CLIPBOARD

Press the CLIPBOARD button ()) to enter the CLIPBOARD menu. Here you can find: Pet Status, Tips & Mission, Pet Information, Stamp Collection Box, Customise Pet Response and Settings.

3-0

口)))

Press the CARE button () to enter the CARE menu.

1. Feed (Kitchen) 🔒

To feed your pet, you can choose Ready to Eat Food or Home Made Food.

• 🤤 Ready to Eat Food

This is an easy way to feed your pet. Choose food from the menu and feed your pet. The amount of food and water given to the pet by the system is unlimited. You can buy other food or drink from the Market. Food

or drink bought from the Market can only be given once, if you want to feed your pet other food, you will need to visit the market again.

• 🔓 Home Made Food

You can cook food and then feed your pet. Follow the hints and complete the gesture commands on the touch screen to cook delicious food for your pet. Your pet will love it!

2. Washing / Bathroom

Here you can take your pet for shower and brush its hair and teeth.

Shower – tap this icon to take your pet for a shower. Tap the touch screen to wash your pet with shower gel.

Hair Brush – tap this icon to brush your pet's hair. Swipe the touch screen to brush your pet's hair.

Tooth Brush – tap this icon to brush your pet's teeth. Swipe the touch screen to brush your pet's teeth.

Bath – tap this icon to give your pet a bath. Swipe the touch screen to use the bath sponge to wash your pet.

Note: The Bathtub can be unlocked in later stages of the game.

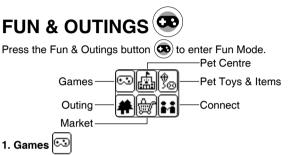

3. Toilet 🖫

Touch the toilet icon to take your pet to the toilet.

4. Clinic

Take your pet to the clinic when it is sick. It costs 50 coins to take your pet to the clinic.

You can play games with your pet to earn coins!

🕂 🛄 Treasure Path

Watch carefully and follow the steps set out by your pet to reach the target! Touch each grid to take your pet along the same path. If correct your pet will find a surprise at the end!

Finger Dance

Tap on the arrows in the order they appear on the screen to see your pet dance.

📆 Obstacles

Tap on the screen to jump over the obstacles, watch out for the oil or banana peels on the road.

Coins Catching (Bonus Game)

This is a reward bonus game. It appears only when your pet reaches a new level. This bonus will be rewarded only by chance.

When the coins start falling, tap and hold on either the right or the left side of the screen to move the pet and collect the falling coins. It is a

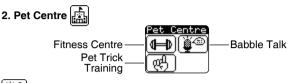

bonus coin collection game! The coins fall guickly. Don't worry if you cannot collect them all, try your best to catch as many as possible. Good Luck and enjoy!

Once this bonus game is played, you will need to wait for a new level for another chance to play.

|| Babble Talk – tap this icon to talk to your pet using the microphone, it will try to repeat what you say.

4 Fitness Centre - tap this icon for your pet to do some running, doing this will keep your pet in good shape! If your pet is in very good condition, it may even try some weightlifting exercise!

It costs 50 coins for every visit to the Fitness Centre.

 $| \mathfrak{A}_{\mathcal{O}}^{\mathrm{d}} |$ **Trick Training** – tap this icon to enter the trick training mode. Choose a trick for your pet to learn from the Trick Training menu. Follow the hint on the screen to show your pet how to perform the trick. Once the pet has learnt it, you can give them gesture instructions to complete the trick successfully.

There is a total of 12 Tricks in the Training Mode. Unlock them all to see how fun it is. When the pet reaches higher levels more tricks are unlocked. The Pet level can be viewed from the clipboard.

Note: Most tricks can only be performed once the unit is detached from the desktop stand mode.

3. Pet Toys & Items 🖏

Tap the item icon for your pet to view and to use its own items. Some items can only be used one time. If your pet wants to use the same item again they will have to unlock this item again.

4. Outinas

Regularly going on outings will help keep your pet healthy and happy. There are 3 places to go.

Beach 🎬 Park 🏠 Forest

Tap on the screen to see surprises when they are at the beach, in the park and the forest.

It costs 20 coins for every visit to these places.

5. Market

This is a place that you can buy or sell things. Swipe the screen to choose the Buy or the Sell menu, tap on the screen to make a selection.

Buv – Choose the object you want to buy then tap on the item to buy it.

If you've already owned the food or item, you will not able to buy it again. It will show a Tick icon instead of the price.

If you don't have enough coins, play more GAMES to earn some more

ାର≁ Sell - Tap this icon to see what you can sell. After you have sold the item, you will get back some coins. Not all of your items can be sold, but some special items are worth a lot of coins!

6. Connect

In the Connect mode, you can connect with another KidiPet® Friends main unit, where you can send messages, icons and pictures to one another!

Before connecting, make sure that only 2 units connect at a time. KidiPet[®] Friends cannot support more than 2 units connecting at the same time.

Make sure the units connecting are KidiPet® Friends, other units or other KidiPet versions will not get connected.

When they are ready, their screen will show the "Ready to be connected" animation.

For best results, wait for both units to show the same animation before connectina.

During connecting, both $\textbf{KidiPet}^{\circledast}$ Friends' IR sensors have to be pointing to each other.

Note: The best IR connection range should between 0cm – 30cm.

- Hello Friend Tap the "Hello Friend" icon (♥) on on both units to add a KidiPet[®] Friends.
- Balloon Race tap the "Balloon Race" icon (2) on both units to have a balloon race. Blow into the microphone to blow up the balloon then press the connect button and watch to see who goes further on their balloon!

Send – tap the send icon and then select a card, emotional icon or gift to send to another KidiPet[®] Friends unit. Once confirmed, tap the screen and the other KidiPet[®] Friends unit needs to tap the Receive icon. When both units show the "Ready to be connected" screen at the same time, connect them with the IR sensors pointing to each other.

There are 10 cards, 10 emotional icons and 10 gifts that can be sent. When the pet reaches higher levels, more cards, emotional icons and gifts are unlocked for sending out.

- Receive tap this icon icon to start receiving a card, emotional icon or gift item from another KidiPet[®] Friends unit.
- Friend List Tap this icon to see the last 10 friends you have connected with.

Note: Both the KidiPet[®] Friends image or *mathematical procession* picture show on the friend list is normal.

PET/CLOCK

Press the **PET / CLOCK** button () to enter the PET Mode. If it is already in PET Mode, press this button again to switch to Clock Mode.

· Attaching the main unit to the desktop stand

Insert the kidipet unit on top of the stand. To ensure you have done this correctly you should see the animal collar at the front and it's tail at the back once the unit is in desktop mode.

If you insert the KidiPet[®] Friends main unit onto the desktop stand. you will see a close up image of your pet's face. Pat your pet's head by waving your hand over the sensor on the top of the unit (Special Touch sensor), and your pet will feel loved.

Kidipet[®] Friend Unit without the desktop stand

If the unit is detached from the stand, it will automatically switch to show the whole image of the pet.

In the PET Mode, you can interact with the pet with the touch screen. Your pet already knows how to perform some tricks at the beginning. More special tricks will be unlocked once your pet reaches higher levels.

Please refer to the APPENDIX section, Table 2 of this manual for a full list of tricks

Babble Talk

You can teach your pet to speak in Babble Talk. In order to speak to your pet you need to make it come closer to the screen. To make the pet come closer to the screen swipe your finger from the bottom up to the top. When you have the pet in close up mode and you see the microphone icon speak into it and wait for your pet to repeat what you say. To make your pet move away from the screen swipe the screen from the top to the bottom. Speak into the microphone when there is a microphone icon showing on screen. The pet will try to listen and repeat what you say.

Listening Mode

When the pet's face is in close up mode you can talk to your pet and it will respond with its animal sound.

If your pet cannot hear you, you may need to move closer to the microphone. Try to speak slowly and clearly into the microphone. It will take a few moments for your pet to register what you have said.

TROUBLESHOOTING

Check this section if you experience difficulty with operating KidiPet® Friends.

Problem	Solution
Your KidiPet[®] Friends has stopped working or the LCD does not display.	 Ensure that the batteries installed correctly. Replace with a new set of batteries.
The touch screen is not responsive or the response seems offset.	Try to do a touch screen calibration in CLIPBOARD > Settings. When doing the calibration, use a fingertip to tap on the crosses on the screen as precisely as possible.
The volume decreases.	Replace with a new set of batteries.
The pet does not respond to your pat.	 Ensure you pat the IR touch sensor at least 2 times continously. Ensure that the pet is not in listening mode. Make sure nothing is blocking the IR sensor. Make sure it is not too close to a wall. Keep the unit out of direct sunlight and away from a bright source for better performance.

The pet does not respond to what you say.	 Ensure that the pet shows a close up image and shows the symbol on screen. Try to speak clearly into the microphone. When the pet is responding to you, you cannot continue speaking until the pet has finished its response.
The pet does not repeat what you say in babble talk.	 Ensure that the pet is in the babble mode with the microphone icon ((*) displayed at the corner of the screen. For details, please refer to the Babble Talk section.
	 Try to speak closer and clearer into the microphone. When the pet has just repeated what you have said, give it a few seconds break before speaking again. Be patient, your pet needs some time to adjust to your voice.
The pet does not perform the trick according to my gesture commands and always shows question marks.	The pet will not be able to perform a trick if it is still locked. Take good care of your pet and when you get the chance to level up you can unlock these tricks. Please refer to APPENDIX Table 2 for details of locked tricks.
The pet refuses to enter activities or do tricks.	Some of the pet indices may have dropped too low, please check the pet status in CLIPBOARD > Pet Status and do related actions.
You are not able to record pet responses.	 Start speaking after the countdown. Speak clearly into the microphone.

The number of coins i have has reduced.	Some of the activities in PET CENTRE and OUTINGS will cost coins. Please refer to those sections of the manual for details.
The pet's level has never increased.	 Ensure you have completed all necessary tasks everyday. Please refer to the START PLAYING > Everyday Tasks section for details. When you have got a mission, please go to the correct activity to complete the mission, your pet will not move onto the next level until the mission is completed.
Cannot earn more money.	Once your pet becomes a millionaire you will not be able to collect anymore coins as you will have reached the coin limit.

Troubleshooting

APPENDIX

NOTE: The tricks or items marked with $\boxed{1}$ means they are secret tricks or items and are locked at the beginning. You can unlock these as your pet reaches new levels of game play.

CARE & MAINTENANCE

- 1. Keep the unit clean by wiping it with a slightly damp cloth.
- 2. Keep the unit out of direct sunlight and away from any direct heat source.
- 3. Remove the batteries or adaptor when the unit is not in use for an extended period of time.
- 4. Do not drop the unit on a hard surface and do not expose it to moisture or immerse it in water.

If the problem persists, please call our Consumer Services Department on 01235 546810 (from UK) or +44 1235 546810 (outside UK), and a service representative will be happy to help you.

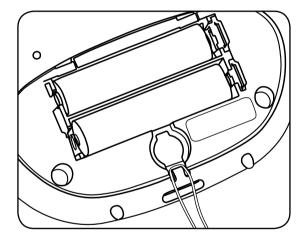

IMPORTANT NOTE:

Creating and developing **VTech**[®] products is accompanied by a responsibility that we take very seriously. We make every effort to ensure the accuracy of the information, which forms the value of our products. However, errors sometimes can occur. It is important for you to know that we stand behind our products and encourage you to call our Consumer Services Department on 01235 546810 (from UK) or +44 1235 546810 (outside UK) with any problems and/or suggestions that you might have. A service representative will be happy to help you.

WRIST STRAP ATTACHMENT INSTRUCTIONS

- Make sure the unit is OFF or in clock mode.
- Locate the battery cover at the back of the unit. Turn the lock clockwise for a quarter turn with a flat head screwdriver (not included).
- Remove the battery cover.
- Put the end of the wrist strap onto the thread hook as illustrated.
- Close the battery cover.

vtech) PRODUCT WARRANTY

Thank you for choosing this quality product from VTech. We hope it will bring many hours of entertainment, imaginative play and learning.

- 1. The product detailed above is covered by a one year warranty from the date of purchase, against any defects in materials or workmanship.
- The product may be returned to the place of purchase. Alternatively the product can be returned to VTech Electronics Europe plc (see address below), with proof of purchase, without proof of purchase no replacement will be provided.
- VTech Electronics Europe plc will examine the product and if it is found to be defective due to faulty materials or workmanship, will replace the product at their discretion.
- 4. If the product covered by this warranty is damaged due to misuse, modification or unauthorised repair, or because of faulty batteries, battery discharge or incorrect electrical connections, then this warranty becomes void.
- 5. This warranty is personal to the original purchaser and is not transferable.
- 6. Breakages to the LCD screen are not covered by the warranty.
- Returns to VTech Electronics Europe plc should include a cheque or postal order for £1.50 towards the cost of return postage and packaging.
- Products returned to VTech Electronics Europe plc, should be addressed as follows and packed carefully to avoid damage in transit (Please do not include batteries or adaptor).

Please include details of the fault together with your name and address.

VTech Electronics Europe plc, c/o Tablogix Limited, 200 Milton Park, Abingdon, Oxon OX14 4TA

THIS WARRANTY IS OFFERED AS AN EXTRA BENEFIT AND DOES NOT AFFECT CONSUMERS' STATUTORY RIGHTS.

This warranty is valid for the UK and Eire only. For products purchased outside the UK and Eire, please contact your local distributor or place of purchase.
