INCLUDED IN THE PACKAGE

- One **VTech® Super Sound Karaoke**
- Quick Start Guide

NOTE:
Please save this Instruction Manual as it contains important information.

NOTE:
Before first use, we recommend ensuring that the volume is lowered.

Removing the Packaging Locks:

① Rotate the packaging locks 90 degrees
   anticlockwise.

② Pull out the packaging locks and discard.

GETTING STARTED

Note:

This product is in Try-me mode in the packaging.
Plug the Microphone into any 6.35mm Mic Jack to exit Try-me mode.

BATTERY REMOVAL AND INSTALLATION

1. Make sure the unit is turned OFF.

2. Remove the battery cover on the back of the unit.

3. If used batteries are present, remove them by pulling up on one end of each battery.

4. Install 6 new AA (LR6/AM-3) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance).

5. Replace the battery cover.

IMPORTANT: BATTERY INFORMATION

- Insert batteries with the correct polarity (+ and -).
- Do not mix old and new batteries.
- Do not mix alkaline, standard (carbon-zinc) or rechargeable batteries.
- Only batteries of the same or equivalent type as recommended are to be used.
- Do not short-circuit the supply terminals.
- Remove batteries during long periods of non-use.
- Remove exhausted batteries from the product.
- Dispose of batteries safely.
- Do not dispose of batteries in fire.

Disposal of batteries and product

The crossed-out wheelie bin symbols on products and batteries, or on their respective packaging, indicates they must not be disposed of in domestic waste as they contain substances that can be damaging to the environment and human health.

The chemical symbols Hg, Cd or Pb, where marked, indicate that the battery contains more than the specified value of mercury (Hg), cadmium (Cd) or lead (Pb) set out in the Batteries and Accumulators Regulation.

The solid bar indicates that the product was placed on the market after 13th August, 2005.

Please dispose of your product and batteries responsibly.

In the UK, give this toy a second life by disposing of it at a small electricals collection point* so all of its materials can be recycled.

Learn more at:
www.vtech.co.uk/recycle
www.vtech.com.au/sustainability

* Visit www.recyclenow.com to see a list of collection points near you.

POWER ADAPTOR CONNECTION

- Make sure your Super Sound Karaoke is turned off.
- Locate the AC Adaptor Jack on the back of the unit.
- Connect an AC Adaptor (not included) to the AC Adaptor Jack.
- Plug the adaptor into a power outlet.
- Press the Power Button to turn the system on.

Note:

When the unit is not going to be used for an extended period of time, unplug the adaptor.

Safety information:

We recommend using a power supply (AC/DC adaptor) of the below specification: Power rating: 12V/2A or above DC output with 5.5mm/2.5mm plug (positive centre).

- Never clean a plugged in product with liquid.
- Please examine the power supply periodically for conditions that may result in the risk of fire, electric shock, or injury to persons (such as damage to the supply cord, output cord, plug, blades, housing, or other parts) and that, in the event of such conditions, the power supply should be scrapped.

PRODUCT FEATURES

1. Power Button ⏻

Press the **Power Button** to turn the unit **ON**. Press it again to turn the unit **OFF**.

2. Line-in Jack

Connect an external music player here using a 3.5mm jack audio cable (cable and music player not included).

3. microSD Card Slot

Insert a microSD card (we recommend 8 or 16 GB) in this slot and push gently until you hear a click sound (microSD card not included).

4. AC Adaptor

Connect the **Super Sound Karaoke** to AC power (adaptor not included).

5. Mic 1 and Mic 2 Jack

Plug a Microphone into the 6.35mm jack to connect (only one Microphone included).

Press this button to play a random fun sound effect.

10. Mode Button `MODE`

When playing music from a microSD card, press this button to toggle shuffle and repeat functions.

Press this button during other activities to quit the activity.

11. Back Button, Play/Pause/OK Button and Next Button

Press these buttons to select and control songs and activities.

12. Voice Magic Button `VOICE MAGIC`

Press this button to reduce or remove the main vocal track of the song you're listening to.

Note: This feature is not available during Line-in mode.

This feature may not work with every song, but works best for studio recorded songs.

CARE & MAINTENANCE

1. Keep the unit clean by wiping it with a slightly damp cloth.
2. Keep the unit out of direct sunlight and away from any direct heat sources.
3. Remove the batteries if the unit will not be in use for an extended period of time.
4. Do not drop the unit on hard surfaces and do not expose the unit to moisture or water.

TROUBLESHOOTING

If for some reason the unit stops working or malfunctions, please follow these steps:

1. Turn the unit **Off**.
2. Interrupt the power supply by removing the batteries.
3. Let the unit stand for a few minutes, then replace the batteries.
4. Turn the unit back **On**. The unit should now be ready to use again.
5. If the unit still does not work, insert a new set of batteries.

If the problem persists, please contact our Consumer Services Department and a service representative will be happy to help you.
