Dear Parent,

We at **VTech**<sup>®</sup> understand that a child's needs and abilities change as they grow and with that in mind we can develop our toys to teach and entertain at just the right level. Babies need toys that will stimulate their interest in different textures, sounds and colours, while on-the-go toddlers and pre-schoolers want more interactive toys to develop their imaginations and encourage their language development. As they progress to more challenging curriculum at school, **VTech**<sup>®</sup> keeps pace with a wide variety of cool, aspirational and interesting computers for learning. Every toy is unique and helps your child develop in different ways for the best all-around learning.

## GETTING STARTED

### BATTERY INSTALLATION

1. Make sure the unit is turned **OFF** and the battery cover, battery box and unit are all dry.
2. Locate the battery cover on the bottom of the unit. Use a screwdriver to loosen the screw.
3. Install 2 new 'AAA' (AM-4/LR03) batteries following the diagram inside the battery box. (The use of new alkaline batteries is recommended for maximum performance.)
4. Replace the battery cover and tighten the screw to secure and lock the fastener. (Make sure the compartment lid is fixed correctly so that the child can't open it and so that the product is waterproof.)
5. When closing the battery cover ensure that the screw is securely tightened. This will avoid any water leakage.

## BATTERY NOTICE

- The use of new alkaline batteries is recommended for maximum performance.
- Non-rechargeable batteries are not to be recharged.
- Rechargeable batteries are to be removed from the toy before being charged (if removable).
- Rechargeable batteries are only to be charged under adult supervision (if removable).
- Different types of batteries or new and used batteries are not to be mixed.
- Only batteries of the same or equivalent type as recommended are to be used.
- Batteries are to be inserted with the correct polarity.
- Exhausted batteries are to be removed from the toy.
- The supply terminals are not to be short-circuited.
- The toy is not to be connected to more than the recommended number of power supplies.
- Do not dispose of batteries in fire.

### **WE DO NOT RECOMMEND THE USE OF RECHARGEABLE BATTERIES.**

Help the environment by disposing of your product responsibly. The wheelie bin symbols indicate the product and batteries must not be disposed of in the domestic waste as they contain substances which can be damaging to the environment and health. Please use designated collection points or recycling facilities when disposing of the item or batteries.
